DON AMADO

MINERO de OAXACA *Mezcal*

IN THE HEART OF SOUTHERN MEXICO, Don Amado's *mezcaleros* carefully handcraft Oaxaca's finest mezcals from 100% mature highland agave plants. After roasting the hearts of these premium agaves in wood-burning earthen pits, the plants' treasured juices are distilled in traditional Oaxacan ceramic-and-bamboo pot stills. This unique distillation method gives Don Amado mezcals their distinctive smoky flavor and herbal bouquet, while proudly honoring a sixteenth-century production tradition native only to the legendary state of Oaxaca.

Don Amado Mezcals are always made from 100% pure agave and contain no additives.
